Man arrested for spying for ISI

HOSHIARPUR (PUNJAB): A man from Punjab's Hoshiarpur district was arrested for allegedly spying for Pakistan's Inter-Services Intelligence and helping the agency in organising anti-India activities, police said on Friday. The man is accused of aiding anti-India activities by providing sensitive information about Indian Army deployments, and transmitting documents and photos from his mobile phone, they said. Acting on a tip-off, police apprehended Harpreet Singh near a railroad crossing on Phagwara road in Hoshiarpur on Thursday night. The man, who hails from Tam Taran district, was currently residing in Vijay Nagar area here.

20 killed in bus accident in Pakistan

PESHAWAR/ISLAMABAD: At least 20 passengers were killed and 21 others injured when a bus skidded off the strategic Karakoram Highway in Pakistan and plunged into a ravine on Friday, police said. The incident occurred in the mountainous terrain around 5:30 am in Gilgit-Baltistan's Diamer district when the bus was on its way from Rawalpindi to Gilgit, a police official said. The driver lost control of the vehicle which then overturned and landed near the banks of the Indus River which runs along the highway, the official said.

ED attaches properties worth Rs 205.49 crore in Chhattisgarh liquor scam

RAIPUR: The Enforcement Directorate has provisionally attached 18 movable and 161 immovable properties worth approximately Rs 205.49 crore in a money laundering case linked to the alleged Rs 2000 crore liquor scam in the state, the agency said on Friday. The central probe agency has recorded a fresh Enforcement Case Information Report (ECIR) in the liquor scam based on an FIR registered by the state police under various sections of the Indian Penal Code (IPC) and the Prevention of Corruption Act, 1988.

Indian couple, 3-month-old killed in crash during police chase in Canada

AGENCY TORONTO, MAY 3

An Indian couple visiting Canada and their three-month-old grandchild were among four people killed on the spot in a multi-vehicle collision when Ontario police pursued a liquor store robbery suspect driving the wrong way. All four people were pronounced dead at the scene on Highway 401 in Whitby, about 50 kilometres east of Toronto, police said on Thursday.

Ontario's Special Investigations Unit (SIU) said that two of the victims, a 60-year-old man and a 55-year-old woman, were visiting from India. However, the SIU did not release the names of the victims.

The couple's three-month-old grandson also died in the multi-vehicle collision. Highway 401 was closed for several hours after the incident on Monday, it said.

The agency said that the parents of the infant, his 33-year-old father and

Rahul files nomination from Rae Bareilly

BJP mocks him for fleeing from Amethi

AGENCY RAE BAREILLY/NEW DELHI, MAY 3

Congress leader Rahul Gandhi filed his papers from Uttar Pradesh's Rae Bareilly constituency on Friday, barely an hour before nominations closed for the Lok Sabha seat.

Earlier, in the morning, the Congress ended the suspense over Amethi and Rae Bareilly, announcing his candidature from the seat held by his mother Sonia Gandhi for the last two decades. She recently moved to the Rajya Sabha.

Gandhi had lost from the adjoining Amethi constituency to BJP's Smriti Irani in 2019, but won from Wayanad in Kerala – a seat he is contesting this time as well.

The former Congress president was accompanied by party leaders Mallikarjun Kharge, Sonia Gandhi and Priyanka Gandhi Vadra as he handed over his papers to district election officer Harshita Mathur around 2 pm on the last day for filing nominations.

Gandhi's brother-in-law Robert Vadra too was with him. Former Rajas-

Congress loyalist K L Sharma files papers from Amethi

AMETHI (UP): Congress loyalist K L Sharma filed his nomination from Amethi Lok Sabha seat here on Friday. Sharma filed his papers at the collectorate, accompanied by local Congress leaders. Congress leader Priyanka Gandhi Vadra earlier in the day urged the public in Amethi to vote for Sharma.

than chief minister Ashok Gehlot accompanied the family.

Also on Friday, Kishori Lal Sharma, a close aide of the Gandhi family, filed his papers from the Amethi Lok Sabha constituency.

Polling in both parliamentary constituencies is on May 20.

The party leaders arrived at the Fursatganj airport in Amethi, and then headed for Rae Bareilly. A large number of Congress workers, and those from INDIA bloc partner Samajwadi Party, turned up at the district collectorate to cheer Gandhi. The SP workers, carrying flags and banners, included the party's district chief Virendra Yadav.

After filing his nomination, Rahul Gandhi and other family members went to the district Congress office where family priest Radhe Shyam Dixit performed a puja. Rae Bareilly Congress spokesperson Vinay Dwivedi said people in the party and local residents were demanding that only the Gandhi family should contest from the constituency, and the top leadership has lived up to their trust.

The BJP mocked the Congress decision to field Gandhi from Rae Bareilly rather than Amethi.

Top court will hear Kejriwal's interim bail plea on May 7

AGENCY NEW DELHI, MAY 3

The Supreme Court will look into the possibility of granting interim bail to Delhi Chief Minister Arvind Kejriwal so that he can campaign for the ongoing Lok Sabha polls. A bench of Justice Sanjiv Khanna and Justice Dipankar Datta today said it will look at the interim bail plea on Tuesday (May 7) and asked Enforcement Directorate (ED) and Mr Kejriwal's counsel to be prepared.

The Aam Aadmi Party (AAP) leader was arrested by ED officials on March 21 in connection with alleged irregularities in the now-scrapped Delhi liquor policy. He has approached the Supreme Court after he did not get relief from lower courts. He is the third top AAP leader to be arrested in the corruption case, after Manish Sisodia and Sanjay Singh. Mr Singh, a Rajya Sabha MP, is out on bail.

Appearing for Mr Kejriwal, Senior Advocate Abhishek Singhvi today said there is no evidence against the Delhi Chief Minister and his arrest is legal. Mr Kejriwal, he said, had responded to nine summonses from the ED. He added that failure to appear cannot be a basis for arrest.

"All evidence on which I am arrested is pre-2023 end. Every material is as in July 2023. Same evidence relied on in Manish Sisodia's case. Money trail chart was the same," Mr Singhvi said. When the court asked if any action had been taken against AAP, Mr Singhvi replied in the negative. Referring to Section 70 of the PMLA, which deals with offences by companies, he said, "Anything or everything done by a po-

litical party cannot be attributed to its convenor or president. Merely mentioning a company cannot lead to arrest of the MD unless you show something, same thing with AAP." To this, Justice Khanna replied, "Any person in overall charge of the company, then you are vicariously liable with the company and then you have to show that it was done without your knowledge." Mr Singhvi responded, "They say he is the brain behind AAP... he is involved in demand of kickbacks. There is no direct evi-

dence." Appearing for the central agency, Additional Solicitor General SV Raju said the decision to arrest Mr Kejriwal was not just taken by the investigating officer, but also fortified by a special judge. "Before he was arrested, they moved a division bench of Delhi High Court, saying that he should not be arrested, but the court perused the documents and said no interference. So application of judicial mind in three stages," he said. The court eventually noted that this case and examination of its various aspects may take time. "But if the case takes time, we may consider interim bail due to elections," the bench said.

SC stays opening of road outside Punjab CM's residence in Chandigarh

AGENCY NEW DELHI, MAY 3

The Supreme Court has intervened to halt the opening of a road outside Punjab Chief Minister Bhagwant Mann's residence in Chandigarh. The decision, made today, comes as a response to concerns raised by both the Centre and the Punjab government regarding security threats associated with the road's opening.

A bench of Justices Sanjiv Khanna and Dipankar Datta noted that both the Centre and Punjab government have opposed the opening of the road, which has been closed since the 1980s, owing to a threat perception. The road had been closed due to security reasons during height of terrorism in Pun-

jab, and was set to be reopened on a trial basis. The Punjab and Haryana High Court had on April 22 ordered opening of the 500-metre road, connecting Sukhna Lake to Nayaganj in Chandigarh, on a trial basis from May 1. The High Court's order had included provisions for the Chandigarh Police to engage traffic experts in formulating a comprehensive traffic management plan for the road, which was intended to be open from 7 am to 7 pm on working days.

Sensex tumbles 700 points amid broad-based selloff

AGENCY MUMBAI, MAY 3

Equity benchmark Sensex plummeted over 700 points to sink below the 74,000 level and Nifty retreated from a record high on Friday as investors pared exposure to telecom, capital goods and tech stocks.

Heavy selling pressure in Reliance Industries, L&T and HDFC bank counters also pulled indices down, traders said.

The 30-share BSE Sensex dropped 732.96 points or 0.98 per cent to settle at 73,878.15 after soaring 484.07 points earlier in the day. From its intra-day high of 75,095.18, the benchmark tanked 1,627.45 points to the day's low of 73,467.73.

The NSE Nifty also declined 172.35 points or 0.76 per cent to 22,475.85. The bench-

mark hit a record 22,794.70 in the early trade, up 146.5 points or 0.64 per cent.

From the Sensex basket, Larsen & Toubro, Maruti, Reliance Industries, Nestle, Bharti Airtel, UltraTech Ce-

ntioning and disbursement of loans through eCOM and Insta EMI Card, the company said in a regulatory filing on Thursday. In November last year, the central bank directed Bajaj Finance to stop sanction and disbursement of loans under its two lending products – eCOM and Insta EMI Card – due to the company's non-adherence to the extant provisions of digital lending guidelines. Bajaj Finserv, Mahindra & Mahindra, State Bank of India, ICI- CI Bank and Infosys were among the other gainers. "Profit-booking and a degree of caution ahead of the release of the US non-farm payroll resulted in selling pressure in the market. However, the absence of significant negative surprises in Q4 earnings thus far, along with a decline in oil prices, might help to mitigate the downside.

Kidnapping case registered against HD Revanna and son Prajwal: Police

AGENCY MYSURU, KARNATAKA, MAY 3

Former Karnataka minister HD Revanna and his son Prajwal Revanna face fresh troubles as a case has been lodged based on a youth's complaint alleging that his mother was kidnapped after a video of her being allegedly tied and raped by Prajwal emerged.

The case was registered on Thursday night, the police in Mysuru said.

HD Revanna, who is a JD(S) MLA from Holenarasipura constituency in Hassan district, is the son of former Prime Minister and JD(S) patriarch HD Deve Gowda and elder brother of former Chief Minister HD Kumaraswamy.

Prajwal Revanna, the sitting JD(S) MP from Hassan, is facing allegations of sexually abusing women. The state government has constituted a Special Investigation Team (SIT) to probe

the case after scores of explicit video clips allegedly involving the 33-year-old MP started making the rounds in recent days. He was the NDA candidate from the Hassan Lok Sabha constituency where polling was held on April 26. JD(S) joined the NDA in September last year.

Ajayveer Singh Lalpura, district BJP president lashes out at Mann's government

PANDIT DAVINDER SHARMA
RUPNAGAR, MAY 3

Aam Aadmi Party (AAP) has befooled Punjabis by showing them the dream of a 'Rangla' Punjab as the policies and intentions of this government have ruined Punjab. These words were expressed by BJP District President Ajayveer Singh Lalpura.

He said the Bhagwant Mann-led government has ruined Punjab because in just two years in office, the AAP government has imposed a new debt of about Rs 60,000 crore on Punjab, while the interest alone was costing Punjab Rs 31,153 crore every year. Lalpura said that recently an English newspaper had revealed in its report that the AAP government had taken another loan of Rs 2,500 crore to pay salaries to the employees because the govern-

ment did not even have money to pay salaries to the employees but crores of rupees were being spent on the security of ministers including the Chief Minister of Punjab.

He said that when Chief Minister Bhagwant Mann went to other states, he shed tears in front of the people that the central government was pushing with Arvind Kejriwal. But he wanted to ask Bhagwant Mann that Sidhu Moosewala, the only son of his parents tears did not roll down from Mann's eyes on his murder. He

appealed to the people not to fall prey to false guarantees, promises and claims this time but to vote on the basis of background and character.

Taking a dig at the performance of the three MLAs in Rupnagar district, he said that these MLAs have now deviated from the basic issues and wanted to remain in the news only for small achievements, while the public was worried about unemployment, health facilities for their aging children and was facing lack of other basic facilities.

Rajiv Bindal welcomes Sanjeev Sharma into BJP

RAJNEESH SHARMA HAMIRPUR, MAY 3

State BJP President Dr. Rajiv Bindal, addressing a press conference held at the district headquarters on Friday, stated that former independent candidate Sanjeev Sharma, who joined the BJP from the Badsar assembly constituency, is welcomed into the party. He mentioned Sharma's involvement in various capacities within the Farmers' Front and Vishwa Hindu Parishad. In the 2022 assembly elections, due to circumstances, he had to contest independently.

Now, to strengthen Prime Minister Narendra Modi's position in the Lok Sabha elections, he has taken up the responsibility within the BJP. Bindal expressed hope that as the elections

progress, the Chief Minister and Chief Ministers from Himachal Pradesh will speak about the developmental work done for the state. However, they are only speaking ill of the BJP.

Rajiv Bindal stated that the recent statement made by the Chief Minister regarding BJP candidate Kangna from Mandi is

condemnable. The people of Himachal Pradesh want to know the reasons behind the closure of more than 1,500 institutions in the past two and a half years. They also want to know what happened to the promise made during the first cabinet that employment would be provided to one lakh unemployed youth in the

state. Where did those promised jobs go? Even the institutions that were supposed to provide employment have now closed down. Taking a job at the occasion, the State BJP President said that the public is asking serious questions, and you're just avoiding them. Bindal questioned where the forms from 2022 are currently located, which scrap dealer bought them, and which scrap dealer has been contracted to sell these forms in 2024. He mentioned that development projects have come to a halt in the past two and a half years. He pointed out that the Congress government in the state has failed on every front. A loan of Rs. 25,000 crore has been taken in the past two and a half years, yet not a single penny has been spent on development.

BJP should clarify its stand on OPS: Chandrashekhar

DINESH AGARWAL SHIMLA:

Chandrashekhar, the executive president of the Himachal Pradesh Congress Committee and MLA, has stated that the BJP should clarify its stand on the issue of old-age pension for employees. He questioned why Jai Ram Thakur is supporting OPS now when, during his tenure in power, he used force against employees demanding old-age pension.

Chandrashekhar accused Jai Ram Thakur of being arrogant both while in power and now, stating that his arrogance led him to challenge the gods directly in the assembly, implying that even the gods cannot save this government. He mentioned that the current state government has the full blessings of all the deities and the public. Under the leadership of Chief Minister Thakur Sukhvinder Singh Sukh, the current state government will complete its five-year term and Congress will form the government again in the 2027 assembly elections. Chandrashekhar criticized the BJP's failed attempts to form a government based on money and stated that the Congress's election symbol won six seats, but those six MLAs betrayed the Congress party in the Rajya Sabha elections and were sold. He questioned how these tainted leaders could now go to the public and ask for votes. He emphasized that the people of the state will teach a lesson to those who have been sold and bought in elections and will respond strongly to the politics of buying and selling. Overall, Chandrashekhar highlighted the need for transparency from the BJP regarding its stance on OPS and criticized the party's failed attempts to gain power through unethical means.

AGENCY
AMETHI, MAY 3

After Rahul Gandhi was named by the Congress as its candidate from Raebareli Lok Sabha seat, Union Minister and BJP's candidate from Amethi, Smriti Irani on Friday said that Congress has conceded defeat from the constituency even before a vote was cast, adding that the opposition party would not have fielded a "proxy candidate" (Kishori Lal Sharma) if they were hopeful about the outcome of the polls. "I welcome the guests to Amethi. The fact that the Gandhis are not fighting in Amethi shows that even before a vote has been cast, they are losing from Amethi. If they had seen even a glimmer of hope, they would have contested and not put up a proxy candidate," Smriti Irani told reporters in Amethi.

Smriti Irani said that Rahul Gandhi's candidature from Raebareli is a "victory" for the people in Amethi.

"There has been great development in Amethi...if this much has been accomplished in 5 years out of which two years were lost to the battle against Covid, then why was it not done for 50 years in Amethi by the Gandhi family? I want to assure the people of Amethi that the Modi government will return, and we will continue to work

for people here, with development being the centre of our focus. Today before a vote has been cast, history has been made. I am grateful to the people of Amethi. Today is the victory of the people of Amethi," Irani said.

Irani recalled Prime Minister Narendra Modi's remarks about "Congress waiting for elections to conclude in Kerala" so that a safe seat could be announced for Rahul Gandhi later. "PM Modi had already

warned the public that Rahul Gandhi will look for a new seat once voting concludes in Wayanad.

Congress leadership is going away from the battlefield," she said. Rahul is pitted against the BJP's Dinesh Pratap Singh in Raebareli. He currently represents Wayanad in the Lok Sabha, while Smriti Irani is bidding for a fresh term from Amethi.

Raebareli was held by Sonia Gandhi, who became a member of the Rajya Sabha. The Congress party has also named Kishori Lal Sharma, a party loyalist from Amethi, the seat Rahul Gandhi lost in the 2019 general elections to BJP leader Smriti Irani.

For the nation

Given the background of the massive misinformation drive about the identity of Jawaharlal Nehru University in the last few years, the recent statement by the current vice-chancellor of JNU, Santishree Dhulipudi Pandit, on April 18 in an interaction with PTT, that JNU was never "anti-national" nor part of the "tukde-tukde" gang, is most heartening. She argued that "JNU is for the nation, not for any particular identity," and added that "I always say that it stands for seven D's — development, democracy, dissent, diversity, debate and discussion, difference and deliberation."

"When I studied [at JNU] it was the height of Left domination... they were critical but committed to nurturing dissent, debate, and democracy," said Pandit. "Being critical and dissenting will not be called anti-national. I think the administration did not understand JNU and that was an unfortunate phase." She mentioned that JNU plays an important role in the nation's development, sighting the example of three Union ministers who were students in the university as well as several luminaries occupying high positions in the Union government, the media and countless educational institutions, including a leader of the Opposition and two Nobel laureates in economics in the United States of America. Such a positive assessment could be attributed to the fact that the current vice-chancellor has been an alumnus of JNU and, thus, knows it closely.

Not many realise that the emergence of JNU as a teaching and research university in the 1970s was a unique development and, if I may be allowed to say this, a miracle in the history of the university system in the country. As chairman of the University Grants Commission, I had the opportunity to watch closely the standards of universities which are more than 150 years old, such as the ones in Bombay, Madras and Calcutta, but I am yet to see a public university in India that has acquired the top position in such a short amount of time. The JNU experiment began in 1969; by the early 1990s, people had begun to compare it with Cambridge.

What made JNU a high-level centre of excellence? The JNU vice-chancellor has identified excellence, inclusivity and diversity as the unique features of the educational institution. Indeed, these qualities place it at the top. A socially unique and regionally inclusive admission policy, admission test, method of examination and evaluation, inclusive governance and, above all, an excellent faculty with academic freedom and commitment are its hallmarks. Social inclusiveness came through an early adoption of the policy of reservation in admission for students from scheduled castes and scheduled tribes along with additional weightage points to low income earning families, women, and first-generation learners that enabled them to seek admission.

Saudi women's rights activist sentenced to 11 years in prison

Saudi activist Manahel al-Otaibi, 29, has been sentenced to 11 years in prison for advocating women's rights and her manner of dress, CNN reported, citing human rights organisations.

The sentence, handed down in a "secret hearing" by Saudi Arabia's Specialised Criminal Court on January 9, 2024, was only revealed weeks later, following a United Nations inquiry, according to Amnesty International and the London-based Saudi rights group ALQST.

According to a joint statement by the watchdogs, al-Otaibi's charges are allegedly linked to her clothing choices and online activism, including advocating for the end of Saudi Arabia's male guardianship system, sharing videos of herself in what authorities deemed "indecent clothing," and going out without wearing an abaya, according to CNN.

While al-Otaibi's sister, Fawzia al-Otaibi, faced similar charges, she managed to escape Saudi Arabia after being summoned for questioning in 2022.

Saudi Arabia's mission to Geneva responded to the UN inquiry in January, stating that al-Otaibi was arrested in accordance with the law under a valid warrant and is accused of terrorist offenses. The mission asserted that no individual is detained in the country for exercising their rights and freedoms and that state institutions are obligated to ensure fair treatment regardless of religion, race, sex, or nationality. Amnesty International's Campaigner on Saudi Arabia, Bissan Fak-

ih, condemned al-Otaibi's conviction and sentence, calling it an "appalling and cruel injustice" that exposes the insincerity of the Saudi government's touted women's rights reforms.

While Saudi authorities have made some strides in dismantling the male guardianship system, Amnesty and ALQST highlight that many discriminatory practices persist.

They point to the 2022 Personal Status Law, which, rather than abolishing restrictive elements, reportedly codifies

them, particularly in matters of marriage, divorce, child custody, and inheritance.

Ironically, al-Otaibi believed in Crown Prince Mohammed bin Salman's promises of reform, yet she found herself arrested in November 2022 for exercising the very freedoms she thought were being promoted.

Al-Otaibi's sentencing occurs within a broader context of increased suppression of free speech in Saudi Arabia, particularly online. Over the past two years, Saudi courts have handed down lengthy prison

terms to numerous individuals, including many women, for their social media expression.

Amnesty International and ALQST are urging Saudi authorities to immediately and unconditionally release al-Otaibi, emphasizing that her imprisonment contradicts the narrative of reform and women's empowerment promoted by the government, CNN reported.

Heavy rains in UAE again: Dubai flights cancelled, schools and offices shut

Days after the United Arab Emirates witnessed flooding in April, heavy rains have returned to the country with several flights being cancelled and delayed in and out of Dubai while people and students were asked to work and study from home, Khaleej Times reported.

An orange alert was issued on Thursday as heavy rains and thunderstorms lashed the UAE. Over the past few days, the UAE has been preparing for this wave of unstable weather, which is forecast to peak on May 2, until May 3.

People have been advised to take safety measures across all sectors. Schools are on distance learning while companies have been asked to allow people to work from home. Parks and beaches have been shut.

Dubai announced work from home for government employees on May 2 and May 3 due to unstable weather conditions prevailing in the emirate, according to Khaleej Times. On Wednesday, UAE's disaster management authority reiterated the nation's readiness to tackle the upcoming weather conditions. It said that all relevant agencies are ready to tackle the anticipated weather fluctuations by implementing measures. Earli-

er, an NCM expert said the impending weather condition is not anticipated to be the same as the rainfall seen on April 16. Officials have discussed the precautionary measures that must be taken during this time. The UAE on Wednesday announced that students will have online classes for all government schools on May 2 and 3 in the country due to prevailing weather conditions.

Furthermore, the government announced that all private schools in Dubai will have online learning on May 2 and May 3 due to expected unstable weather conditions. The Knowledge and Human Development Authority (KHDA) announced that the decision is applicable to all private schools, nurseries.

Taiwan bans its people from working at China's Confucius institutes

Confucius Institutes (CIs), non-profit educational institutions funded by the Chinese government, have been added to a list of political, governmental, and military bodies of China where Taiwan's citizens are banned from working, the Central News Agency (CNA) reported, citing the Mainland Affairs Council (MAC).

Announcing the decision, the MAC in a press release said that the revisions to an existing act ban people of Taiwan from working for any Chinese organization engaged in matters linked to national identity and loyalty, united front work, or which poses a

threat to national security. The revised guidelines particularly prohibit citizens from working at Confucius Institutes - non-profit educational institutes funded by the Chinese government to spread the culture of China. These educational institutes have also come under suspicion as tools for political influence, CNA reported. The organizations which have been included in the blacklist were the Association for Relations Across the Taiwan Straits (ARATS) which is China's semi-official body in charge of handling technical and business matters with Taiwan and All-China Youth Federation.

Viksit Bharat and Vishwa Bandhu

BY S JAISHANKAR

The pathway to reaching the goal of Viksit Bharat in the next 25 years will have many requirements. To begin with, it needs a vision for the nation and equally, the ability to deliver it on the ground. We can develop confidence in that through sustaining a track record. Steady advancement and continuing reform are also possible only in a climate of political stability. That alone would enable policy prescriptions of a long-term nature to be conceptualized and implemented. Much of this will be determined by the cumulative political choice of the Indian people in the coming weeks. But one crucial facet will be the international environment and its ability to throw up both opportunities and challenges for Viksit Bharat.

Ideally, countries formulate their foreign policy as best leveraging the world with a view to promote their national development. The targets are often increasing access to resources, markets, technologies and best practices. Those who have posted impressive

growth performance in the last many decades are the ones who have clarity in this regard. In our case, that focus has been sharp since 2014, but for ideological reasons, was more diffused in the first four decades of our independence. Swayed by imported prescriptions, we sometimes subordinated our own goals to the benefit of others. The big change now is a strong sense of 'Bharat First', where we have both the confidence to

think through the pathway and using our national interest as the primary metric of judgement. This has encouraged us to pursue a multi-vector diplomacy that would maximize our partners and minimize our problems. Where we have to take a stand, we do not hesitate or come under pressure. At the same time, there is a constant assertion of our relevance. This is Vishwa Bandhu Bharat.

If India is to emerge as a leading power, it must develop deep national strengths. Much of that will emanate from expanding manufacturing as that serves as the foundation for technology. To overcome the neglect of the past, it is essential that we plan to leapfrog, especially in regard to critical and emerging technologies. This is best achieved through strong international collaboration built on trust and comfort. In a polarized and suspicious world, those doors can only be opened by effective diplomacy. The international economy is right now in the midst of rebuilding its supply chains and ensuring more reliable manufacturing. This is most stark-

ly evident in competitive domains like semiconductors, electric mobility and green technologies.

It is only a Vishwa Bandhu that can ensure that India is fully embedded in these networks. In the post Covid world, all significant nations are in the quest for strategic autonomy. Even the most developed are concerned about the hollowing out of their capabilities and dependence on over-concentration elsewhere.

In a world where everything is being weaponized, India too has to ensure that its basic needs and critical infrastructure are nationally developed. That is why 'Make in India' is so vital, not just for our economy but even for national security. As we are already seeing in challenging domains like defence, it can open up possibilities of exports as well. India is also today increasingly positioned to emerge as one of the global hubs of research, design and innovation. It is only by a more intensive engagement with international partners that we can hasten our journey towards Viksit Bharat.

The growing realization of the value of Indian skills and talent is also one of the welcome realities of our times. It is enhanced by the premium put on trust and transparency in the digital domain. Drastic demographic changes in the world are also creating new demands in various professions.

Taking advantage of such prospects require massively expanding our own education and training capacities. But they can be best harnessed only when our partners fully appreciate their compatibility with Indian values and practices. And when we can credibly assure our own citizens of their security, wherever they may be.

Ensuring these today is a major goal for India's foreign policy. We have already seen the conclusion recently of mobility agreements with European nations, Australia, Japan and others. The creation of a global workplace for Indians will not only widen personal opportunities but contribute to broader national capacities. The era of conflict and climate change that we have entered has powerful implications for connec-

tivity. Just as supply chains are seeking to become more resilient and redundant, so too are logistics. We have witnessed the consequences of tension in the Red Sea or the blocking of the Suez Canal.

De-risking is only possible when enough countries come together for their shared enterprise to become serious. Interestingly, many of the recent endeavours are focused on India. The IMEC corridor connects us to Europe and the Atlantic through the Arabian Peninsula. The INSTCone traverses Iran and Russia with the same objective. To our East, the Trilateral Highway can take us all the way to the Pacific. The same logic applies to ensuring security and political balances in a changing world as well. Whether it is Quad or BRICS, I2U2, SCO or East Asia Summit, India's interests have been at the core of its calculations. These initiatives involve a range of partners, often at odds with each other. It requires a Vishwa Bandhu to carry them all. That is why this is such an important element of Modi Ki Guarantee.

Govt should ensure regularization of 1443 contractual assistant professors: Hukta

RANVIR PARASHAR KATHAL: Haryana Universities Contractual Teachers Association, Haryana (Hukta) has been fighting for a long time by making correspondence with the MPs, MLAs and other cabinet members to secure employment by making a policy of regularization and collectively demanding to secure employment. Now, with process of permanent recruitment of Assistant Professors in full swing in all the universities, the sword of retrenchment is hanging over all the already working contractual teachers. The government has recently asked for the information of contract employees of 5 to 7 years for regularization. So that a policy of regularization can be made for them. But we are afraid whether we will have employment till the policy is made or not. Distressed by this fear, the delegation of Hukta started giving memorandum to the Lok Sabha candidates in every district for guarantee of employment. In the same sequence, today Maharishi Valmiki Sanskrit University Kathal Unit President Manoj Kumar, General Secretary Devendra Singh and other colleagues met Kathal MLA Leela Ram and discussed in detail.

CM Sukhu delivering baseless statements: Rajiv Bindal

DINESH AGARWAL HAMIRPUR, MAY 3

Since the Congress government came to power in the state, Chief Minister Sukhu has been saying what he has done for the state? Every day, new statements are being made which are worrisome. Addressing the Panna Chief Conference in Hamirpur, Bharatiya Janata Party's state president Dr. Rajiv Bindal said that the people of the state do not want to know from the Chief Minister who is the director and who is the actor, but the people of the state want to know from the Chief Minister why he closed down 1500 institutions in Himachal Pradesh. He questioned the Chief Minister, asking what achievement he is going to the people with? He accused the government of not making any

efforts to fulfill the promises and guarantees made during the election campaigns in the past 15 months. The government promised to give Rs 1500 to women, but even after one and a half years, the promises have not been fulfilled. The people are asking the Chief Minister and Priyanka Gandhi when will the respect amount be given to women? The Congress government filled out forms, but did not receive a single penny, and then another election came. Now they are

filling out forms again, and the people of the state want to know who sold the forms of 2022 earlier? And who has been given the contract to sell forms for the 2024 elections? This is what the people of Himachal Pradesh want to know from the Chief Minister. All officials have been threatened with farm filling, the Election Commission has clearly written that no new benefit can be given to any new person and this is the strict order of the Election Commission, but

the Congress government is also playing politics on this. Their leaders keep making statements on open forums and keep saying that one hole is 1500, two holes are 3000, three holes are 4500, four holes are 6000, but today the people of the Congress party are making fun of the Chief Minister's left-right nonsense. He said that the people of Himachal want to know from the Congress how they will give 1 lakh jobs to unemployed youth in the first cabinet, where did those jobs go? Jobs have disappeared, but the institutions that provide jobs have been closed down and during the session of the Legislative Assembly, the Chief Minister turned around saying that he had promised to give 1 lakh government jobs in the first year. In such a situation, why should the people trust them?

RCB GT to be mandatory win to keep playoff hopes alive

BENGALURU: From a maths perspective, Royal Challengers Bengaluru and Gujarat Titans can still reach the IPL playoffs, but they need to ward off inner gremlins on Saturday to notch a mandatory win to keep that dream flickering.

The Royal Challengers are the bottom-dwellers with six points from 10 matches, while the Titans are placed eighth with eight points from 10 matches.

However, the floundering outings of Chennai Super Kings and Delhi Capitals (10 points each) have fuelled the hopes of these two teams of sneaking into the middle tier of the points table and from there to the knockouts.

But both RCB and GT will know that keeping their own house in order is a better option than depending on other teams to stay afloat as the IPL group stage is entering its business end.

In that context, the FaF du Plessis-led side will feel a tad more confident than their opponents after registering wins in their last two matches.

They have also found new heroes across these two games - Will Jacks powered his way to a match-winning century against GT, while Cameron Green finally lived up to his tag of all-rounder with crucial

runs and wickets against Hyderabad. RCB would hope for an encore from them at the home venue as well.

At the top, Virat Kohli continues to be a run-making presence as he recently became the first batter to go past 500-run mark in this edition of the IPL, and RCB will certainly like a few more from his willow.

However, the Royal Challengers will ask for some more consistency from their bowlers. The likes of

Mohammed Siraj, who has been drafted into India's T20 World Cup squad, Yash Dayal, Karn Sharma and Swapnil Singh were on the money against SRH.

But against GT at Ahmedabad, they returned to their profligate ways, allowing them to whittle a 200-run total.

They will have to tidy up their act at the unforgiving M Chinnaswamy Stadium, as despite all their inconsisten-

cies GT have the tools to punish them. But to the Titans' dismay, those tools have malfunctioned more often than not, and it aptly mirrored in their two successive defeats against Delhi Capitals and RCB.

Shubman Gill and Bhardwaj Sai Sudharsan have run an exclusive store of runs for Gujarat, amassing over 700 runs between them.

Other than them, the likes of Wriddhiman Saha, David Miller, Rahul Tewatia, Vijay

Shankar and Shahrukh Khan have not managed to even touch 200 this season, imparting a brittle look to GT's middle and lower order.

Their bowling group too has been vastly underwhelming, and none reflected it more than Rashid Khan.

The star spinner has taken just eight wickets across 10 matches while giving eight runs an over, a significantly higher economy rate than his overall 6.7 in IPL since 2017.

Virat Kohli should open; Rohit should bat at three: Ajay Jadeja

NEW DELHI: Former all-rounder Ajay Jadeja believes that India skip-

per Rohit Sharma should push himself to the number three spot and promote Virat Kohli to the opening position during next month's T20 World Cup in the Americas.

India announced their 15 for the marquee tournament earlier this week and will open their campaign against Ireland on June 5.

"For me, Virat Kohli opens. Who goes back? Rohit Sharma bats at three. He gets a little cushion and gets to understand the game, he has so much going on, in his mind as a captain," Jadeja told Jio Cinema.

CHANDIGARH: Vidisha Srivastava, popularly known as Anita Bhabi from &TV's Bhabiji Ghar Par Hai, recently celebrated her birthday with her loved ones. The actress' residence was graced with her family and close friends from the industry. Talking about her memorable birthday party, Vidisha Srivastava, aka Anita Bhabi, shares, "This year's birthday celebration was special for me. While I had planned to take my family out for dinner, I was in for a shocking surprise when I arrived home. My mother, husband, sister, daughter, brother, sister-in-law, and friends were all waiting for me at home. I was almost in tears at the gesture, yet also worried about what to wear to cut the cake, as it was a surprise, and I hadn't had a chance to shop (laughs). However, my sister came to the rescue, having already bought an off-shoulder neon yellow dress, which I instantly fell in love with. We cut the cake together, followed by a fantastic dinner specially arranged by my mother. Reflecting on the event, the actress adds, "Nowadays, any occasion feels incomplete without capturing lots of pictures and reels, and that's exactly what we did next. I posed like a model to flaunt my dress while my friends patiently waited, and then we, too, clicked many pictures together (laughs). We also created some fun reels, which I'll soon share with my fans. The birthday was memorable, especially with my daughter Aadya in my arms while cutting the cake, making it even more special. My husband, Sayak, came all the way from Ranchi to Mumbai, made all the arrangements to make me feel special on my birthday. I feel truly blessed to have such lovely people around me. This year, on my birthday, my only wish was to have them with me always."

Sanjay Dutt pens emotional note for mother Nargis on her death anniversary

Remembering legendary actress and his mother Nargis, Sanjay Dutt poured his heart out in an emotional Instagram post.

"Miss you, Maa! Even though you're not here, your presence is felt in every moment. We hold you close in our hearts and memories Maa. Love you (heart emoji)," he wrote, adding a couple of his pictures with his mother, who's best known for her performance in Oscar-nominated epic drama 'Mother India'.

In the first picture, little Sanjay can be seen standing beside his mother. The other photo features a candid Nargis and Sanjay, engrossed in a discussion.

Sanjay's sister and politician Priya Dutt also dropped a moving post in fond memory of their mother.

"I miss you more now than ever before. I thought time heals, but time just passes by with thoughts of you. If you were here, you would be such a great grandmother. You would protect me always through my emotional upheavals, advising me in matters of

love, life, motherhood, and so much more. I miss you so much; I never realized I would after so many years, but I do. Always look over me as my angel from heaven until we meet again. Ma," Priya posted on Instagram.

Nargis made her screen debut in a minor role at the age of five with Talash-E-Haq (1935),[6] but her acting career actually began with the film 'Mother India' (1942). Her last on-screen appearance was in the psychological thriller film

'Raat Aur Din'. Nargis and actor Sunil Dutt fell in love with each other after a fire broke out on the sets of their 1957 film 'Mother India' and he reportedly rescued her. They were said to have come

closer while recuperating from the injuries. The couple tied the knot on March 11, 1958. Her best-known role was that of Radha in the Academy Award-nominated Mother India (1957), a performance that won her the Filmfare Award for Best Actress.

Along with her husband, Nargis formed the Ajanta Arts Culture Troupe which hired several leading actors and singers of the time and held stage shows in border areas. Post her marriage to Sunil, Nargis quit films for good and settled into happy matrimony. In the early 1970s, Nargis became the first patron of The Spastic Society of India and her subsequent work with the organisation brought her recognition as a social worker and later a Rajya Sabha nomination in 1980. Nargis Dutt was the second actor, the first being Prithvi Raj Kapoor, to be nominated, and she was in Rajya Sabha for two years, 1980 and 1981. She was also awarded the Padma Shri in 1958. On May 3, 1981, Nargis lost her life to pancreatic cancer. She was 51 when she breathed her last.
