Blood of every Indian boiling, victims will get justice: PM on Pahalgam attack

AGENCY
NEW DELHI, APRIL 27

Prime Minister Narendra Modi said on Sunday that victims of the Pahalgam terror attack will definitely get justice, asserting that terrorists and conspirators behind the killings of 26 civilians will be served the harshest punishment.

Blood of every Indian is boiling by looking at the pictures of the attack, he said in his monthly Mann Ki Baat address. Modi said the country's unity and solidarity of its 140 crore citizens is its biggest strength in this war against terrorism.

"This unity is the basis of our decisive fight against terrorism," he said.

The prime minister said the attack in the famous tourist town in Kashmir reflected the desperation and cowardice of the patrons of terrorism, a reference to Pakistan, at a time when peace was returning to the Valley and there was vibrancy in its schools and colleges.

He said construction work had gained unprecedented pace, democracy was getting stronger, the number of tourists was increasing at a record rate, people's income was increasing, and new opportunities were being created for the youth.

Modi said, "Enemies of the country, the enemies of Jammu and Kashmir did not like that. Terrorists and the masterminds of terror want Kashmir to be destroyed again and hence they executed such a big conspiracy."

The prime minister said his heart is

in deep anguish over the biggest terror attack on civilians in Kashmir in a long spell of time, and said the incident has hurt every citizen of the country.

Every Indian is feeling deep sympathies for the affected families, no matter which state one belongs to or which language one speaks, he said.

Modi said, "I can feel that the blood of every Indian is on the boil after seeing

the pictures of the terrorist attack. I once again assure the affected families that they will get justice, and justice will be definitely done. The perpetrators and conspirators of this attack will be served the harshest punishment."

He added, "We have to strengthen our resolve to face this challenge before the country. We have to demonstrate a strong willpower as a nation. Today the world is watching that after this terrorist attack the whole country is speaking in one voice."

The prime minister said the attack has drawn condemnation from the whole world, noting that international leaders have called him up, written letters and sent messages. Everyone has strongly condemned this heinous terrorist attack, and they have expressed condolences to the families of the deceased, he said.

Modi said, "The whole world stands with 140 crore Indians in our fight against terrorism."

Terrorist had gunned down at least 26 civilians, mostly tourists, in Pahalgam on April 22, sparking nation-wide outrage and demand for a befitting response from the government, especially against Pakistan which has a history of training and arming terrorists and sending them across the border.

Houses of three more terrorists demolished in J-K

AGENCY
SRINAGAR, APRIL 27

Authorities have demolished houses of three active terrorists in Bandipora, Pulwama and Shopian districts of Jammu and Kashmir as security forces continued their crackdown on the terror ecosystem in the aftermath of the Pahalgam terror attack, officials said on Sunday. The house of Adnan Shafi, who had joined terrorist ranks last year, was demolished at Wandina in Shopian district on Saturday night, they said. They said house of another active terrorist - Amir Nazir - was demolished in Pulwama district. In Bandipora district, the house of Lashkar-e-Toiba ultra Jameel Ahmad Shergojri was demolished. Shergojri has been an active terrorist since 2016. With this, the total number of houses of terrorists and their overground workers demolished since the Pahalgam attack has gone up to nine. Terrorists on Tuesday opened fire in Baisaran, a popular tourist spot in the upper reaches of Pahalgam in Anantnag district, killing 26 people.

NIA intensifies probe

NEW DELHI: The National Investigation Agency (NIA) teams, stationed at the Pahalgam terror attack site since April 23, have intensified the search for evidence. The teams, led by an IG, DIG, and SP from the anti-terror agency, are questioning eyewitnesses who observed the April 22 attack, which resulted in the deaths of 26 tourists, including one Nepali citizen, and left over three dozen others injured. The incident occurred around 2 pm at Baisaran meadow, near the popular tourist town of Pahalgam in Jammu and Kashmir. "The teams, overseen by an IG, a DIG and an SP from the anti-terror agency, are examining the eyewitnesses who had seen the horrifying attack unfold before their eyes at the peaceful and picturesque Baisaran valley. The eyewitnesses are being questioned in minute detail to piece together the sequence of events that led to one of the worst terror attacks in Kashmir," NIA said in a statement.

Civilian shot dead by militants in Kupwara

SRINAGAR: A civilian was shot dead by unknown militants in Kupwara district of Jammu and Kashmir, officials said. They said terrorists fired at Ghulam Rasool Magray, 45, inside his residence at Kandi Khas late on Saturday, wounding him critically. "Magray was immediately rushed to a medical facility, from where he was shifted to a hospital in Srinagar, where he succumbed to his injuries," officials said. Following the attack, joint security forces

launched a massive manhunt to trace the attackers. The killing comes at a time when security forces have intensified operations against militants and their sympathisers in Kashmir, in wake of the Pahalgam attack earlier this week. In the ongoing crackdown, the homes of over six militants have been "demolished using explosives", and hundreds of suspects have been detained for questioning.

5,000 Pak Nationals in Delhi identified, ordered to leave

NEW DELHI: The Intelligence Bureau (IB) has handed over the list of around 5,000 Pakistani nationals living in the national capital to the Delhi police to ensure these people return home.

The visas of Pakistan nationals have been revoked in the wake of the recent directive of the Centre, prompted by a recent terrorist attack on tourists in the Pahalgam district of Jammu and Kashmir. The Foreign Regional Registration Office (FRRO) has shared the list with a special branch of the Delhi Police, and it was further shared with the district concerned for further verification and identification. The list includes the names of Hindu Pakistan nationals who have Long Term Visas (LTVs) and are exempted. "The list has been handed over to the district concerned for verification, and asked the Pak nationals to return to their homeland. Central and North East districts have a high number of Pakistani nationals living in the area," said a senior official. The official added that a meeting was called over the matter and the Delhi police have been instructed to take immediate action on the matter. Senior officers are monitoring the situation.

Punjab DGP sets May 31 deadline for 'Nasha Mukh Pb' campaign

GAURAV GOEL
CHANDIGARH, APRIL 27

Amid the ongoing "war against drugs" in Punjab, Director General of Police (DGP) Gaurav Yadav has instructed police officials to follow the issued deadline to conclude the 'Nasha Mukh Punjab' campaign by May 31 this year.

The DGP said that senior police officials, including the Senior Superintendent of Police (SSP) and Commissioner of Police (CP), will have to ensure and take responsibility for a drug-free Punjab.

The instructions have been issued to SSPs to make a concrete plan to ensure that every area in the state becomes drug-free. The officials are expected to lay down their plan of action along with the deadline to eliminate drug abuse in Punjab.

If any discrepancy is found in the action plan after the deadline and drugs are discovered, the responsible officer would be punished, the DGP said.

Over two weeks ago, the Anti-Narcotics Task Force (ANTF) of the Punjab police apprehended a narcotics smuggler and recovered 18.227 kg of heroin in Amritsar.

The operation led to the arrest of Hira Singh, a resident of Village Khairi, who allegedly collaborated with Pakistan-based drug trafficker Billa to smuggle heroin into the state. Singh's associate, Kulwinder Singh, is still at large, prompting ongoing raids

and investigations to dismantle the entire network. On April 8, Punjab Governor Gulab Chand Kataria held a 'Yudh Nasheyen Virudh' Padyatra (War Against Drugs) in Amritsar on

Tuesday. Hundreds of people joined him in the streets of the city.

The Governor's 'padyatra' against the menace of drugs covering the Gurdaspur and Amritsar districts started on April 3, and it will end today, April 8. Earlier, Kataria visited the Golden Temple and said that he performed Ardaas for the elimination of drugs from the state. "Today morning paid obeisance at Sri Darbar Sahib, Amritsar and had a darshan of Palki Sahib. Performed Ardaas for the elimination of drugs from Punjab," Kataria said in a post on X. Amid the call for "war against drugs", the Punjab police has managed to constitute 1,228 village defence committees, and 162 defence committees in urban areas of the Ropar range, an official said.

Major initiative by SHO of Punjab police under war against drugs

ABHISHEK NANDA
FEROZEPUR: Punjab Police is working with human sensitivity while strengthening its campaign against drugs. In this context, a police inspector took a special initiative and arranged for a drug addict youth to be sent to a de-addiction center in a timely manner. On receiving information about the deteriorating condition of the youth, the police took immediate action and admitted him to the de-addiction center of the Civil Hospital for treatment. Giving information, Inspector Jatinder Singh, in-charge of City Police Station, Ferozepur district, said, "The problem of drugs has become a serious social challenge. It can be eliminated not only by the efforts of the police or the administration, but also with public cooperation." He appealed to the citizens to support the police in the fight against drugs and play an active role in helping the needy. The police department assured that all possible steps will be taken for the rehabilitation of drug addicted youth. Also, awareness campaigns will be given more momentum for the creation of a drug free society. It is worth mentioning that during the last few days, while the police was facing embarrassment due to the irresponsible actions of former SHO Harinder Singh Chameli, this police inspector has raised hopes in the hearts of the people to stop drug use and crime. He said that it is very difficult to stop crime until the use of drugs is controlled. If we really want to reduce crime from the society, then first of all we have to fight and eliminate the social evil like drugs, which is possible only with the cooperation of all of you. He said that our doors are always open for you, you give us information, we will take immediate action. Under the strict guidelines of Honorable SSP Shri Bhupinder Singh Sidhu ji, he reprimanded the drug smugglers and said that no drug smuggler will be spared, so either stop drug smuggling or leave here because both things will not be tolerated together.

Govt enhances stipends for medical specialists upto 170 percent

DINESH AGARWAL
SHIMLA, APR 27

In a major push to improve healthcare facilities across Himachal Pradesh, the state government has introduced a series of landmark measures to attract and retain specialist doctors in the State. Along with introducing modern technologies and upgrading medical infrastructure in the health institutions, the government has announced substantial increase in stipends for Senior Residents, Specialists, and Super Specialists. Taking a historic decision, the state government has raised the monthly stipends for these medical specialists by 50 to 170 percent. The stipend for Senior Residents and Tutor Specialists has been increased from Rs. 60,000–65,000 to Rs. 1 lakh, while for Super Specialists and Senior Residents (Super Specialists),

it has been enhanced from Rs. 60,000–65,000 to Rs. 1.30 lakh. Currently, Himachal Pradesh boasts six medical colleges and one super-specialty hospital. Institutions like IGMC Shimla and Dr. Rajendra Prasad Government Medical College, Tanda have been providing critical healthcare services with the support of Postgraduate Super Specialists and Senior Resident doctors. However, of the 751 sanctioned posts across the state's medical

colleges, only 375 are currently filled, leaving 376 specialist doctor positions vacant, a gap that has significantly impacted healthcare delivery. Recognizing the urgency of this challenge, the present state government has taken decisive actions where previous governments fell short. The enhanced stipend is expected to make government service more attractive to skilled medical professionals, helping bridge this critical gap

and strengthening healthcare services at all levels.

In another move to attract the medical specialists to the State, doctors on study leave will receive full pay, further supporting their professional development. Additionally, the state is working to implement international standards for the doctor-nurse-patient ratio and is expediting the recruitment process to meet these benchmarks thereby providing better health care to the people within the State. According to health department data, 9.5 lakh patients travel outside Himachal Pradesh annually for treatment, resulting in an economic loss of Rs. 1350 crore to the state's GDP. If quality healthcare services are made available within the state, it is estimated that Rs. 550 crore of the state GDP could be saved annually, along with valuable time for patients.

Natural farming sub-division to boost economy of farmers of Pangi valley

DINESH AGARWAL
SHIMLA, APR 27

The residents of Pangi valley situated along the banks of the Chandrabhaga river are elated with the announcement of making Pangi as the state's first natural farming sub-division. Although, traditional farming methods have been practiced in Pangi valley for centuries but the adoption of natural farming techniques are expected to significantly enhance the economic prosperity of local farmers and orchardists.

This declaration of Chief Minister Thakur Sukhvinder Singh Sukhu has been wholeheartedly welcomed by the people of the Pangi area and the district administration has already accelerated its efforts to implement this decision on the ground.

Around 25,000 residents across 19 panchayats of Pangi valley, the majority are dependent on agriculture and horticulture sectors for

their livelihoods. However, traditional farming methods often expose crops to the risk of diseases. On the other hand, the natural farming practices not only offer better protection against such threats but also enhance crop yields which lead to increase the farmer's income.

Ratto Devi, a resident of Bhatwas village, who adopted natural farming two years ago, shares that their ancestors too refrained from using chemicals in agriculture and even today they avoid chemical fertilizers, pesticides or any synthetic treatments for

farming. She said that spraying of 'ghanjivamrit' (a natural bio-enhancer) has significantly improved crop production. Similarly, Savitri Devi of Punto village said all the inputs required for natural farming are readily available at home. She said that preparations like 'ghanjivamrit' and 'jivamrit' are used to enhance soil fertility and crop productivity.

A core requirement of natural farming is the indigenous Indian cow, whose dung contains 300 to 500 times more beneficial microorganisms compared to other animals.

DINESH AGARWAL
SHIMLA: BJP State Vice President

Sanjeev Katwal informed that the live broadcast of Prime Minister Modi's Mann Ki Baat was heard at 7,294 booths across the state. He said that Leader of the Opposition Jairam Thakur and State BJP President Dr. Rajeev Bindal listened to the broadcast at the Nahan district office. Katwal said that through Mann Ki Baat, Prime Minister Modi delivered a strong message against terrorism. PM Modi stated that the anger felt by the people of India is being echoed across the world. Following the terror attack, continuous condolences and messages have poured in from global leaders — via phone calls, letters, and messages — condemning the heinous act and expressing their sympathies to the families of the victims. The Prime Minister assured the grieving families that justice will be served, and those responsible for this attack and its conspirators will receive the strictest possible punishment. He emphasized that the entire world stands united with India's 140 crore citizens in the fight against terrorism. Katwal also launched a scathing attack against the state government, claiming that the Himachal Pradesh government is now burdened with a debt of over Rs. 1 lakh crore. Recently, it took an additional Rs. 1,300 crore loan, solely to cover salaries and pensions. However, the total salary and pension requirement is Rs. 2,000 crore, which means there's still a Rs. 700 crore shortfall.

Former SDM exposed Sukhu government's arrangements: Vishav Chakshu

SANAJY AGGARWAL
DHARAMSHALA, APR 27

State BJP media co-incharge and media coordinator of former Chief Minister Vishav Chakshu has strongly attacked the state government over the statement given by former SDM of Dharamshala Sanjeev Bhot that I do not want to become another Negi. He said that in the death of Bimal Negi, it has come to light that he was mentally harassed by senior officials, due to which he died. BJP has been continuously demanding a CBI inquiry in this case, but the Sukhu government of the state is trying to cover up this matter. Vishav Chakshu said that now it has become clear from the statements given by former SDM Sanjeev Bhot that not the Chief Minister of

the state Sukhu but the top officials of the government are running the government. The government has no control over these officials. Senior officials of the government are forcing the lower level officials to work under mental pressure. They are being harassed by transferring them repeatedly. This is the reason why former SDM of Dharamshala Sanjeev Bhot has been forced to take voluntary

retirement. He has also given a clear message to the government that he does not want to become another Bimal Negi. Vishav Chakshu said that after the statements of former SDM Sanjeev Bhot, neither the Chief Secretary nor any minister of the government has been able to give any statement, while the Chief Minister himself has closed his eyes and ears. He said that Sukhu has completely failed in running the government. If the Chief Minister is not able to control senior officials, how will he be able to control other systems. He said that due to the arrangements of Sukhu government, an atmosphere of fear has been created in the state. While the public is troubled, employees and officials are being forced to leave their jobs before time.

Sukhu government not serious about internal security: Sudhir Sharma

SANAJY AGGARWAL
DHARAMSHALA, APR 27

Dharamshala MLA and senior BJP leader Sudhir Sharma has raised questions on the functioning of the Himachal Pradesh government after the Pahalgam attack. He said that the state head Sukhwinder Singh Sukhu should increase security on the state borders by holding a meeting with the senior officials of the police, vigilance and home department in view of the terrorist attack in Pahalgam, Jammu and Kashmir. But without caring about the safety of the people of the state, he does not seem to be serious about this matter at all. He said that in such a situation, a strict vigil will have to be kept on infiltration on the state borders. He also said that in the recent past,

farmers have suffered huge losses due to rain, storm and hailstorm in different districts of Himachal, but the state government has not issued any instructions to assess the loss. Due to which no assistance amount of any kind has been released to the farmers. The government giving false guarantee of buying cow dung and milk has become an anti-farmer government. For the last two and a half years, no subsidy

has been issued by the state government to farmers on agricultural equipment and seeds. He also said that in the previous BJP government, many farmer welfare schemes were run for the farmers of the state, but the present government is not able to provide important things like seeds and fertilizers on time. Sudhir Sharma has called the state government's decision to place multi-task workers of Himachal Pradesh Forest Corporation and Public Works Department at liquor shops to sell liquor as a betrayal to the youth. He said that the youth had got jobs in the Public Works Department after physical efficiency and interview, but this system-degrading government of the state cheated the youth and put them to sell liquor in liquor shops.

She further mentioned that Shubham was the first to be shot,

and his face was disfigured, preventing the family from seeing his face for the final time.

AGENCY DEHRADUN, APR 27

"Nyaye milke rahega", the PM said. Referring to the April 22 attack in Pahalgam

as a sign of the desperation of the patrons of terrorism, calling it an act that highlights their cowardice.

In the 121st episode of Mann Ki Baat, Prime Minister Modi called the terror attack an attempt by those behind terrorism to disrupt the peace in Kashmir.

"Today, as I talk my heart out with you, there is a deep agony in my heart. The Pahalgam terrorist attack of 22 April has left every

citizen of the country heartbroken. Every Indian feels deep sympathy for the families of the victims. No matter which state one belongs to, no matter which language one speaks, I understand every citizen is seething with anger after seeing the images of the terrorist attack," PM Modi said. "As peace was returning to Kashmir, the enemies of the nation and J&K did not like it. Terrorists and their masters want Kashmir to be destroyed again, which is why such a conspiracy was hatched," said the Prime Minister. He emphasised that the unity of the nation is its biggest strength in the ongoing war against terrorism and urged the country to strengthen its resolve to face this challenge.

PM Modi emphasised

that the increasing number of tourists, the growing income of the people, and the strengthening of democracy in the region were not being accepted by the forces responsible for the attack.

"This attack in Pahalgam shows the desperation of the patrons of terrorism; it displays their cowardice...at a time when peace was returning to Kashmir, there was a vibrancy in schools and colleges, construction work had gained unprecedented pace, democracy was getting stronger, the number of tourists was increasing at a record rate, people's income was increasing, and new opportunities were being created for the youth. Three generations reunite at Grand alumni meet of Nilokheri Polytechnic

PRADEEP MEHTA
NILOKHERI, APRIL 27

A heartwarming reunion of three generations of alumni took place at the Grand Alumni Meet hosted by Guru Brahmanand Ji Government Polytechnic College, Nilokheri. Former students from batches spanning 1957 to 2024 gathered at the college campus, reliving cherished memories and reconnecting with long-lost friends.

The event saw an enthusiastic turnout of past students, many of whom are now renowned industrialists, senior officials, technocrats, and educationists. The gathering symbolised a journey through time, where the oldest alumni from the 1957 and 1960 batches were joined by their sons and grandsons — all alumni of the same institution.

The celebration was organised collaboratively by the college and the Polytechnic Alumni Association, led by Association President Rajan Arora. The chief guest for the event was Nilokheri MLA Bhagwan Das Kabirpanthi, while Municipal Council Chairperson Sanmeet Ahuja and her husband were special guests.

The lighting of the ceremonial lamp was performed by senior alumni including D.I. Gupta, Devender Thakral, and Inderjit Azad. College Principal Renu Bajaj delivered the welcome address, highlighting the rich history of the institution, which was established in 1954 following the vision of Prime Minister Jawaharlal Nehru. The first batch graduated in 1957, initially with a two-year diploma course that was later expanded to three years.

Principal Bajaj shared that alumni from fifty different batches were present at the event. Several moments turned emotional as alumni, some reconnecting after decades, shared nostalgic stories. Devender Thakral and Inderjit from the 1960 batch reflected on meeting after 58 years, noting that their sons and grandsons also graduated from the same college — a living testament to the institution's legacy.

Addressing the gathering, MLA Kabirpanthi expressed pride in the institution, recalling its historic reputation when few polytechnic colleges existed in India. "Back then, the name of Nilokheri's Polytechnic echoed globally," he said. He emphasized the importance of continuing to build the region into a hub for education and industry, noting the presence of a horticulture university and an engineering college in Nilokheri today.

The Alumni Association also honoured graduates from every batch, from 1957 to 2024. Rajan Arora noted that this was the region's first polytechnic institution and its alumni today hold esteemed positions in both public and private sectors across India and abroad.

The meet concluded with cultural programs and reunions that bridged generations. Alumni came from across the country and overseas, many bringing their families along. Among the dignitaries present were MSME Director Sanjeev Chawla, Ashtees Bajaj, and Varinder Chaudhary.

The event turned the college campus into a mosaic of memories, pride, and renewed bonds — a living celebration of its enduring legacy.

Ways of seeing

If seeing is believing, then the camera, the television and, most recently, YouTube have changed what people see and believe. Of these, YouTube — it turned 20 this week — was perhaps the most radical invention. Television, once the unrivalled king of media, had brought visual storytelling to homes across the globe. It reshaped culture, politics, advertising, and even family life. YouTube, however, took this a step further. It, arguably, removed the need for having traditional gatekeepers — studios, broadcasters, producers — and handed the power of creation and distribution to the aam aadmi. Anyone with a camera and internet access could reach a global audience. In this sense, YouTube fundamentally rewrote the rules by democratising both the media and the messaging. The popularity it achieved by rewriting the rules of visual engagement is borne out by the numbers that YouTube published on its 20th anniversary: in addition to the 20 billion-plus videos uploaded over 20 years, there are over 20 million videos uploaded daily onto this platform. Little wonder then that the market found in YouTube an ally to align the elements of commerce. YouTube, thus, went on to pioneer the concept of monetising content — individuals, often starting with minimal resources, who amassed a large subscriber base with their videos, could suddenly make money from the content that they created. This idea became the seed from which sprung the tribe of social media influencers who have turned content creation into a viable profession.

But every platform, no matter how lucrative, has a dark side. With the democratisation of content — the proverbial apple for the Market — crept in the serpent. In making knowledge available at minimal cost, YouTube, unlike the traditional media it seeks to displace, disregarded the imperative of installing an apparatus that is necessary to weed out harmful information. Videos on everything, from how to operate firearms to how to hang oneself, are available with ease and often without cautionary caveats on this platform. Similarly, while boasting of its ability to upload videos of events — protests, disasters, or political speeches — often faster than traditional news outlets, YouTube ignored the importance of filters such as the verification of facts and editorial oversight. This makes the content available on YouTube particularly vulnerable to mischief by vested interests. This malaise — YouTube is perhaps the original victim — afflicts other, emerging technologies as well. As Artificial Intelligence-generated content becomes more sophisticated and widespread, the line between real and artificial becomes ever more blurred on allied media. Consequently, what is intended to function as a platform for authentic, innovative creativity gets transformed into a breeding ground for synthetic deception.

Kailash Manasarovar Yatra

The Ministry of External Affairs (MEA) announced on Saturday that the Kailash Manasarovar Yatra 2025 is scheduled to take place between June and August, marking the resumption of the revered pilgrimage after a three-year suspension due to the COVID-19 pandemic.

Applications for participation are now open on the official website (kmy.gov.in), with selection to be carried out through a fair, computer-generated, random, and gender-balanced process.

This year, the Yatra will accommodate five batches of 50 pilgrims each travelling through Uttarakhand's Lipulekh Pass and 10 batches of 50 pilgrims each crossing through Sikkim's Nathu La Pass. Since 2015, the entire application and selection procedure has been fully computerised, eliminating the need for applicants to send letters or faxes.

Instead, the feedback options available on the portal can be utilised for inquiries, observations, and suggestions. The MEA has emphasised that the digital system ensures transparency and efficiency throughout the selection process.

The pilgrimage is set to officially resume on June 30, 2025, jointly organised by the Government of Uttarakhand and the Ministry of External Affairs. According to an official release, special efforts by Prime Minister Narendra Modi and Chief Minister Pushkar Singh Dhami have led to the reinstatement of the Yatra, making the route more accessible. The statement noted that Prime Minister Narendra Modi's Adi Kailash Yatra initiative has contributed significantly to easing the way for the Kailash Manasarovar Yatra. The journey will once again follow the traditional route

through Lipulekh Pass in Pithoragarh district.

Extensive discussions regarding the safe conduct of the Yatra were held earlier this week during a meeting at the Ministry of External Affairs in New Delhi. As per the release, it was decided that the Kailash Manasarovar Yatra-2025 will be operated by the Kumaon Mandal Vikas Nigam. The journey will commence from Delhi, with pilgrims travelling via the Lipulekh Pass route.

The first group of pilgrims is expected to enter China via the Lipulekh Pass on July 10, 2025, while the final group is expected to return to India on August 22, 2025. Each team will depart from Delhi, halting overnight at Tanakpur and Dharchula, followed by two-night stays at Gunji and Nabhidang (Taklakot) before crossing into China.

After the sacred Kailash Darshan, the return journey will involve overnight stops at Bundi, Chaukori, and

Almora, before concluding in Delhi. Each group's complete journey will span 22 days.

Health check-ups for all Yatris will be conducted initially in Delhi and subsequently in Gunji (Pithoragarh) with assistance from the Indo-Tibetan Border Police (ITBP). The MEA has urged all applicants to carefully follow guidelines and updates provided on the official website to ensure a smooth pilgrimage experience.

Foreign investors infuse Rs 17,424 cr in Indian stocks this week

Foreign Portfolio Investors (FPIs) remained net buyers in Indian stock markets this week, with a net inflow of Rs 17,424.88 crore, according to data released by NSDL.

The data shows that FPIs continued their buying trend despite rising tensions at the India-Pakistan border.

Recently, there has been a major geopolitical concern after terrorists killed innocent tourists in Kashmir. This situation has created an overhang on Indian markets. Investors fear the possibility of an Indian retaliation, similar to what was seen after the Uri and Balakot attacks, which happened 10 and 15 days after previous Pakistani misadventures.

Ajay Bagga Banking and Market Expert told ANI "The geopolitical fallout and the elevated risk of an Indian retaliation to the Pakistan sponsored terrorists butchering of innocent tourists in Kashmir is an overhang on Indian markets. Despite good earnings, good FPI inflows and strong global cues with a tariff war detente looking possible, despite these, while global markets rallied, Indian

markets went down post the Kashmir killings, this geopolitical overhang could keep Indian markets subdued for the next few weeks".

Even though Indian companies reported good earnings, foreign investors brought in strong inflows, and global cues were positive with hopes of a possible tariff war settlement, Indian markets still moved down after the Kashmir incident.

Operation Dulhan-drop : A tale of match caking

BY BIRINDER SINGH

Flashback in glorious year of 1983. It was the time when I joined the prestigious State Judicial Service. Upon joining, our entire batch of 35 officers was sent first for revenue training at State Institute of Public Administration which in those days was housed in a private kothi in sector 5 of Chandigarh. Then came the turn for police training. For that Police Training Academy at Phillaur was the venue. The training centre was in an ancient fort built by Maharaja Ranjit Singh.

At the fort, all future judicial minds rubbed shoulders with future guardians of law and order. The fort was like a temporary prison. The hostel rooms were like barracks lined up in a row near the Officers Mess. All the temporary residents of these barracks were young, dashing and very much on the matrimonial radar. All eyes were on us. Every parent wanted their daughter to be having such an alliance with any one of us.

Our days in the Academy were filled with a mix of theoretical and

practical training with little time for relaxation. We were undergoing rigorous drills, lectures and hands-on training with fire arms. The purpose of training as we understood was to help us understand the role of police and its limitations in criminal administration so as to enable us to avoid biases against police.

During that time an amusing incident occurred which when narrated brings smile on every one's face. The lecture sessions were usually held in lecture hall or conference room. One day one of the lecturers who was Deputy Superintendent of Police announced that our next class would be at his residence within the fort complex. We were puzzled, wondering if it was a special case study or a secret mission briefing. All of us with note books and pens in hand were escorted to his official bungalow with our mind racing and piecing together the puzzle of this unusual venue. And soon the mystery unravelled. When lecture was half way, a young girl walked in with a tray laden with home made snacks and tea. She was introduced as our DSP Sahib's

daughter. It became super clear to everyone. The Sahib Bahadur probably thought that having the class at his house would give one of the eligible officers a chance to meet his daughter and may be, just may be, like her enough to marry her. It was like a secret match making mission disguised as a lecture. A full-on Operation Dulhan Drop.

And so there we were, the future judges, listening to the lecture while also sipping tea and munching snacks knowing also the real reason we were there. It was a silent comedy unfolding in real time.

Guess what? Nothing happened. None of us ended up asking for his daughter's hand. Poor Deputy. His little plan did not work. It was like trying to catch a fish with a very obvious bait, and the fish just swam away. Cupid's arrow missed its mark that day, perhaps busy striking chords elsewhere.

No matches were made. No alliances were forged. Only a golden anecdote was added to the batch's shared lore to be retold with gusto at reunions and now even after retirement.

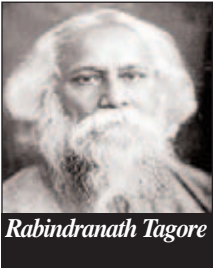

POEM

The Gift

I want to give you something, my child, for we are drifting in the stream of the world. Our lives will be carried apart, and our love forgotten.

But I am not so foolish as to hope that I could buy your heart with my gifts. Young is your life, your path long, and you drink the love we bring you at one draught and turn and run away from us. You have your play and your playmates. What harm is there if you have no time or thought for us! We, indeed, have leisure enough in old age to count the days that are past, to cherish in our hearts what our hands have lost for ever. The river runs swift with a song, breaking through all barriers. But the mountain stays and remembers, and follows her with his love..

Even light exercise can help slow cognitive decline in people at risk of Alzheimer's

Researchers at University of California San Diego and Wake Forest University have found that both low and moderate-high intensity exercise could be valuable tools in the fight against Alzheimer's.

The new research, published as two papers in Alzheimer's and Dementia: The Journal of the Alzheimer's Association, describes the results of the EXERT study (Exercise in Adults with Mild Memory Problems).

It is a multi-site clinical trial of lower or moderate-high intensity exercise in sedentary older adults with amnesic mild cognitive impairment, a major risk factor for Alzheimer's dementia.

The researchers also compared their results to an existing dataset of comparable individuals who only received usual care, such as regular check-ups with health care providers and medication management.

Individuals with amnesic mild cognitive impairment, a condition characterised by memory complaints and objective memory decline, are at high risk of developing Alzheimer's dementia, with approximately 16% of people with this condition progressing to Alzheimer's each year. "This is a critical time to intervene in this population, because they don't have dementia yet, but are at a very

high risk," said Aladdin Shadyab, Ph.D., M.P.H., lead author of one of the new papers and associate professor at the UC San Diego Herbert Wertheim School of Public Health and

Human Longevity Science and School of Medicine.

"Together, these findings show us that even low-intensity exercise may slow cognitive

decline in at-risk older adults," added Shadyab.

"EXERT was one of the first large clinical trials of exercise that partnered with the

YMCA and its trainers to bring the intervention closer to home for research participants," said Howard Feldman, M.D., ADCS director.

"This approach brings us one step closer to its implementation in the community," added Howard.

EXERT included nearly 300 sedentary older adults with mild cognitive impairment who were randomly assigned to either moderate-high intensity aerobic training or lower-intensity stretching, balance and range of motion activities.

Participants completed their assigned exercise 3-4 times per week for 12 months under the supervision of a YMCA trainer, and the study also included regular assessments of cognitive function and brain volume.

Though the researchers expected to see further cognitive decline in EXERT participants, they found that cognitive function remained stable for both exercise groups over the course of the study.

This suggests that both lower and higher intensity exercise could slow cognitive decline.

Another possible explanation for the results is that participating in research itself, regardless of the treatment, may offer protection against cognitive decline due to the intellectual and social stimulation involved.

Punjab farmers demand immediate payment of pending sugarcane dues

GURDASPUR (VERMA) —Farmers across various districts of Punjab are expressing deep resentment over the non-payment of their pending dues of ₹61 per quintal for sugarcane supplied to government mills. Despite delivering their sugarcane crop in November 2024, farmers say they have not received the promised payment even after five months. Gursaran Singh, District President of the Mahila Kisan Sangharsh Committee, stated that sugarcane growers are already facing severe financial hardship, and the government's delay has only worsened their situation. He alleged that the Punjab government had promised an additional ₹61 per quintal for the 2024-25 crop season, but the funds have yet to reach farmers' accounts. He highlighted that districts like Pathankot, Gurdaspur, Hoshiarpur, and Kapurthala have a large number of sugarcane farmers who depend heavily on this crop for their livelihood. The delay in payments has not only demoralized the farmers but also raised serious concerns about the government's commitment to the farming community.

Shoolini's theatre troupe brings Molière's "Naatak Paracetamol" to life on stage

R N KHERA CHANDIGARH: Shoolini University's vibrant theatre wing, Shoolini Creative Studio, captivated audiences with its latest production Naatak Paracetamol—an adaptation of Molière's iconic comedy - The Doctor in Spite of Himself. The play was staged at the Tagore Theatre, here today. Directed by Ankur Bashar, a seasoned theatre practitioner and Assistant Professor of Performing Arts at Shoolini University, the play is a witty, high-energy satire that pokes fun at blind faith in doctors and the absurdities of societal norms. Naatak Paracetamol follows the comically twisted tale of Sganarelle, a

woodcutter who is mistakenly believed to be a doctor. Through a series of outrageous circumstances involving deception, mistaken identity, and social critique, the play unfolds with themes as relevant today as in Molière's time—touching on domestic violence, access to education, and socio-economic divides. "This year, we chose comedy as a political act," and, "In today's world, the comic is often political and the political, deeply comic. Molière's work continues to mirror the hypocrisies of modern society, making it ideal for a student-led performance that is both engaging and thought-provoking," said Ankur Bashar.

Sanatan Kranti Dal Conducts Surprise Night Inspection at Gurdaspur Civil Hospital, Exposes Major Irregularities

VERMA GURDASPUR: In a bold move, members of the Sanatan Kranti Dal conducted a surprise inspection at Gurdaspur Civil Hospital during late night hours to assess the real condition of healthcare services. The team, including Navn Bhatta, Bittu Sharma, Jagjeevan, Sachin Kumar, Raman Sharma, Aman Sarma, and others, revealed shocking irregularities and negligence across hospital departments. During the inspection, members found unbearable filth and stench in the toilets, with women's restrooms locked, forcing both male and female patients to share the same facilities—a clear violation of hygiene norms. In the emergency ward, heavy crowding was observed, and although security had been appointed by SSP Gurdaspur, no personnel were found on duty. A video was sent to SSP Aditya, who immediately deployed three guards, though they were only equipped with wooden sticks. Further inspection showed that no air conditioners were functional in the wards, exposed electric wires hung dangerously, and there was a complete lack of cleanliness. ICU conditions were particularly appalling—dirty floors, malfunctioning ACs, and minimal doctor presence, with nurses handling critical patients.

Joginder Salaria's open challenge to Lashkar-e-Taiba: "Cowardly Terrorists will not be spared"

GURDASPUR(VERMA): Joginder Singh Salaria, founder of the international organization PCT Humanity, has strongly condemned the recent terrorist attack in Pahalgal, Jammu & Kashmir, and issued an open challenge to the terror outfit Lashkar-e-Taiba (LeT). Speaking to the media, Salaria said that the terrorists responsible for this cowardly attack will not be spared under any circumstances. It is worth mentioning that a horrific terrorist attack took place in Pahalgal a few days ago, where 28 innocent and unarmed individuals were brutally shot. The responsibility for this heinous act was claimed by Lashkar-e-Taiba, a terrorist organization that has long been nurtured under the protection of the Pakistani government.

Salaria launched a scathing attack on Pakistan, stating that instead of condemning this barbaric act, Pakistan has once again resorted to defaming India. He asserted that it has now been clearly established that the attack was carried out with the support and backing of the Pakistani establishment. He further stated that killing people based on their religion is one of the worst crimes against humanity. This act cannot be justified in any way and stands as an attack not just on human lives, but on the soul of the nation itself. Recalling the dark days of terrorism in Punjab, Salaria said that the

state too had witnessed a time when innocent people were targeted solely based on their religion. Salaria expressed deep anguish over the targeting of tourists from various Indian states in Pahalgal, a peaceful and popular tourist destination in Kashmir. He described it as not just a terrorist attack, but a direct assault on humanity and national unity. He urged all political parties and citizens of every religion to unite and raise a strong voice against terrorism. Criticizing the current political climate, he said that while political parties organize separate protests under their own flags, a united front would have sent a stronger message to the terrorists. He also questioned the silence of those who are quick to take to the streets over smaller issues but remain quiet on such a grave national matter.

"My desire is to return to Mohun Bagan, but it's not in my hands": Mumbai City FC's Prabir Das

Bhubaneswar : Prabir Das, currently with Mumbai City FC (MCFG) on loan from Kerala Blasters FC (KBFC), has openly admitted his desire to return to Mohun Bagan, the club where he first made his name in Indian football. "Yes, if you ask me whether I want to be back, I would say everybody has that desire to play for Mohun Bagan, but desire is not everything -- you don't have control of your desires," Prabir told ANI. "If I have the desire to play for a club, can I just go? [laughs] It's not that simple. You have to adjust to the situation. It becomes tough and hard, but if you cannot adjust, you are finished," he added. Prabir, who rose to prominence after joining Mohun Bagan in 2016, emphasised that while players' emotions and passion are important, clubs often plan strategically for the future. Speaking about the possibility of rejoining Mohun Bagan, Prabir said, "It's not only my desire, there are many players like me who love Mohun Bagan."

"My desire alone doesn't mean anything. The club has its own plans; they will bring in young players to build for the future. My emotions and passion, which the fans appreciate, might push for my comeback, but the people who are building the team have different goals for the betterment of the club," he explained. "As a player, if you ask me, of course I would want to return but desire is not everything. Sometimes you have to accept the reality and move on," he said. While Prabir would love to stay in Kolkata, he acknowledged that a footballer's journey is often decided by external factors. "We would like to stay in Kolkata because I am from Kolkata," Prabir said.

Sarah, Joshua emerge victorious at the TCS World 10K Bengaluru

Bengaluru : It was a day of delight for the Ugandan runners, as Sarah Chelangat and Joshua Cheptegei took home the top prize in their respective categories in TCS World 10K, a World Athletics Gold Label Road Race, held on Sunday. Incidentally, they were the first athletes from their country to take home the TCS World 10K titles, along with a prize of USD 26,000 each. When the women took the starting line-up at 5:30 am, a big question arose in the minds of fans and followers as eight of the best women with personal best timings faster than the event records set their foot on the Bengaluru roads. However, Sarah had a different strategy in mind as she broke away from the rest of the runners after the first two kilometres and maintained the lead thereafter. Sarah could easily be mistaken for a Kenyan, as Chelangat is a popular family name among them. She increased her pace once she parted from the rest of the field and passed through the halfway mark at 15:23s. At that stage, it was 20 seconds faster than that of Citlita and Ethiopians Guleni Shariko and Asmareah Angler. The gap started widening bigger and bigger thereafter, as Sarah had not looked back to see where her rivals were at any point in the race. With no one to push her, Sarah had to run her race and missed out on the event record by well over 30 seconds.

Suniel Shetty urges citizens to be fearless, united after Pahalgam terror attack

In a strong and fearless response to the recent terror attack in Pahalgam, Kashmir, Bollywood actor Suniel Shetty urged the citizens to spend their next holidays in the state to promote tourism and show terrorists that they are not afraid of them. While talking to the media at the sidelines of the Lata Deenanath Mageshkar Award 2025 ceremony, Suniel urged the Indian citizens to plan their next holiday in Kashmir and nowhere else. “Hume nagrik ki taraf se ek hi karna hah, hume ye decide krna hah ki aaj se humaari agli chutti jo hogi, voh kashmir me hi hogi aur kahi nhi hogi. Unko ye dikhana hahi ki hume darr nhi hai, aur vakayi me darr nhi hai (As a citizen, we have to do one thing. We have to decide that our next holiday will be in Kashmir and nowhere else. We have to show them that we are not scared),” said Suniel Shetty. The ‘Dhadkan’ actor further shared that he called the authorities and said that he is willing to visit Kashmir as a tourist or artist if required. “Maine khud phone kr ke bola hai ki agar kal aapko lagta hai ki hume vhaa aana hah, tourist ke haisiyat se ya artist ki haisiyat se hume vha shoot-ing krna hai ya ghoomne jaana hai, hum aayenge.

Akshay Kumar vents out over Pahalgam attack at Kesari 2 screening

Bollywood actor Akshay Kumar on Saturday attended a screening of ‘Kesari 2’ in Mumbai, where he met his fans and spoke about the Pahalgam terror attack.

Addressing the audience, Akshay condemned the horrific incident. He and the audience in the theatre repeated the powerful “F**k Off” dialogue from ‘Kesari 2’ in in response to the Pahalgam terror attack, which claimed the lives of 26 people on April 22.

“Unfortunately, aaj bhi humare sab ke dil mein woh gussa phir se jaaga hain. Aap sab log achchi tarah se jaante he main kis chiz ki baat kar raha hoon. Aaj bhi hum un terrorists ko ek hi baat kehna chahenge. Jo maine is film mein kahi hai, kya (Even today we are feeling the same anger. All of you know exactly what I am talking about. Today also I want to say the same thing to the terrorists which I have said in the film. What?)” Akshay said.

Akshay then pointed the mic at the audience and asked them to say his dialogue that he had used for General Dyer in the film.

The attack in Pahalgam occurred on Tuesday at Baisaran meadow, where terrorists targeted tourists, killing 25 Indian nationals and one Nepalese citizen, and leaving several others injured. It was one of the deadliest attacks in the region since the 2019 Pulwama strike, which claimed the lives of 40 Central Reserve Police Force

(CRPF) personnel.

Following the attack, the Central government has said that the terrorists responsible for the attack in Jammu and Kashmir’s Pahalgam and the conspirators behind it will face severe punishment. Opposition parties have expressed their full support for the government in any action against perpetrators of the terror attack.

The Central government has decided to hold the Indus Waters Treaty of 1960 in abeyance until Pakistan credibly and irrevocably abjures its support for cross-border terrorism

and has closed the integrated Attari check post. The Central government has also revoked all categories of visas issued to Pakistani citizens, except long-term visas, diplomatic and official visas, with immediate effect from April 27. As a security measure, India has decided to withdraw its own Defence, Navy, and Air advisors from the Indian High Commission in Islamabad. These posts in the respective High Commissions are deemed annulled. Five support staff of the Service Advisors will also be withdrawn from both High Commissions.

Country comes first...: Amit Sadh reacts to ban on Pakistani artists in India

Following the ghastly attack on tourists in the Baisaran valley of Pahalgam, the Federation of Western India Cine Employees (FWICE) reiterated its 2019 directive to ban Pakistani artists in India.

Reacting to FWICE’s decision, actor Amit Sadh, during the promotions of his film ‘Pune Highway’, told ANI, “Country comes first. I believe in the government. I believe in the people who are running the country and the decisions that they take. Sometimes, there is no right or wrong in life. So I believe in the government. I believe in the actions they think they have to take for our nation.”

The Federation of Western India Cine Employees had pushed for a boycott of Pakistani artists in the Indian film industry after the 2019 Pulwama terror attack. And now, after the Pahalgam attack, the organisation renewed its directive.

Tensions between India and Pakistan have risen sharply since the Pahalgam attack, which claimed the lives of 26 people on April 22.

Calling for a complete ban on Pak artists, General Secretary of FWICE, Ashoke

Dubey, said,”Since this is a matter of national interest, the nation comes first. The continuous attacks, including the recent one in Pahalgam on our tourists, are shameful. We have again issued a press release stating that if any of our members

are found working with Pakistani artists or technicians, we will take action against them and stop working with them.”

Dubey further mentioned that all associations linked with FWICE are being sent letters. He went on to say that

they have also written to the Information and Broadcasting (I&B) Minister to issue a notification stating that if any Indian member works with Pakistani artists, a case of treason should be filed against them.

Vipin Heero Joins Bhabiji Ghar Par Hai as Malkhan Singh!

CHANDIGARH: The lively lanes of Modern Colony are abuzz once again as one of Bhabiji Ghar Par Hai’s most loved characters, Malkhan Singh, returns to the screen! Stepping into the iconic role is actor Vipin Heero, who promises to bring laughter, nostalgia, and a fresh spark to the show. Expressing his excitement, Vipin Heero shares, “Being part of Bhabiji Ghar Par Hai feels unreal. It is one of those shows I have admired for years, and now to be playing Malkhan, a character so close to the audience’s hearts, is a huge honour. I am excited and a bit nervous, too. It’s a big responsibility to do justice to such a beloved character.” Vipin has been watching old episodes closely to understand the character’s unique style and comic timing and says, “What defines Malkhan is his distinct accent, which is the heart of who he is. I am working hard to bring that same charm to the screen. Over time, I will add a bit of my personality, but the core of the character will stay true to what fans have always loved.” Interestingly, this is not the first time Vipin has taken over a role previously played by the late actor Deepesh Bhan; he mentions, “Three years ago, I stepped into one of Deepesh’s characters in another Edit II show. I never imagined I would be doing it again, and for such a well-known character. I am grateful to the producers and the channel for trusting me. The team was incredibly warm and welcoming, which made everything easier. This is a dream come true for me and my family, as we are all big fans of the show. I am truly happy to be here and can’t wait to see how viewers react.” Watch Vipin Heero as the new Malkhan Singh in Bhabiji Ghar Par Hai, every Monday to Friday at 10:30 PM, only on &TV!

“It’s rare to come across a script that feels powerful,” says actress Anushka Merchande on playing the antagonist in Zee TV’s Saru

CHANDIGARH: In India, countless dreamers from small towns aspire for a brighter future. While education, sports, and the arts open doors to these dreams, the journey to the big city often brings unforeseen challenges that test resilience. Zee TV, known for its legacy of narrating inspiring and relatable stories, is all set to present such a story with its latest show - Saru—a compelling narrative about a young girl who dares to dream beyond her small-town limits.

Saru’s world is deeply rooted in her village, Kharas in Rajasthan, a place she cherishes. But with no means to pursue higher education there, she is left with no choice but to step away from everything familiar and chase her aspirations in the city while battling her biggest obstacle: convincing her mother, who is firmly opposed to letting her go.

After the introduction of Mohak Matkar in the lead role, the show now welcomes the dynamic and talented Anushka Merchande, who steps into the world of Saru as Anika—a rich, stylish, arrogant in approach, and self-absorbed young woman who will bring an unmistakable edge to the narrative. Anika enjoys being the centre of attention and has a strong dislike for Saru. She leaves no stone unturned in her attempts to pull Saru down. Her presence will bring in sharp conflict and unpredictability, making her a significant antagonist catalyst in the unfolding drama.

Sharing her enthusiasm, Anushka Merchande said, “I’m incredibly excited and grateful to be part of Zee TV’s upcoming show Saru. What drew me instantly to this show was its grounded storytelling and how honestly it captures the drive of young women who simply want a better future for themselves—especially through education. It’s rare to come across a script that feels powerful. Anika, the character I will portray is bold, image-conscious, emotionally volatile, and driven by her own need to always come out on top. She adds disruption and unpredictability to Saru’s journey, becoming a pivotal part of the drama.”

One Family. One Curse. Too Many Secrets, JioHotstar releases trailer of Kull - The Legacy Of The Raisingghs

CHANDIGARH : This summer, enter a realm where loyalty is fragile, secrets simmer beneath the surface, and blood means nothing in the pursuit of power. Kull, streaming from May 2, 2025, exclusively on JioHotstar, is poised to become your next binge-worthy obsession. Set against the eerie grandeur of royal Bikaner, Kull dives deep into the dark intricacies of a fractured royal lineage. When the family patriarch, Chandrapratap, is found murdered on his 60th birthday, the palace becomes a cauldron of paranoia, betrayal, and secrets long buried.

Directed by Sahir Raza, the show stars Nimrat Kaur, Ridhi Dogra and Amol Parashar in pivotal roles.

Nimrat Kaur, who plays Indrani Raisinggh said, “Indrani is a storm behind still waters, layered, loyal, and quietly powerful. Kull gave me the rare chance to embody a woman whose strength speaks in silences and whose loyalty burns fiercely. It’s a story that doesn’t flinch, and I’m proud to be part of something so unapologetically bold. Kull is bold, cinematic storytelling at its finest, and streaming on JioHotstar gives it the platform it deserves.”

This weekend, Zee Cinema brings you a collision of power, action, and drama with the World Television Premiere of Yudhra on Sunday, 27th April at 12 PM. Yudhra means fighter, and that’s exactly who he is. As the title suggests, the protagonist is born to be a warrior. Starring Siddhant Chaturvedi, Malavika Mohanan, Raghav Juyal, Ram Kapoor and Gajraj Rao, Yudhra goes beyond typical action fare. Siddhant brings a raw, unpredictable intensity to the lead role, while Malavika anchors the emotion. Raghav Juyal shocks with his chilling presence as the antagonist, far from his usual image. Ram Kapoor and Gajraj Rao step into gritty, unexpected roles that leave a mark. It’s got everything massy cinema lovers enjoy – intense action, solid emotion, stylish visuals, and a story where every character has something to hide. And just when you think you know where it’s going, it flips the script.

“I hope we fight this as a nation and come back strong,” Raashii Khanna

In the wake of the horrific terror attack in Pahalgam, Kashmir, that claimed the lives of 25 Indian nationals and one Nepali citizen, Bollywood celebrities and public figures have come forward to express their condemnation and solidarity.

The attack, which took place at the picturesque Baisaran meadow in Pahalgam on April 22, has left the nation in shock and grief.

Actor Raashii Khanna, who recently appeared in the movie ‘The Sabarmati Report,’ spoke out against the violence, expressing deep sorrow over the incident.

“I condemn violence. Every human being is condemning violence,” she said, adding, “I have seen some videos. I think anyone who has seen them will be heartbroken. I think we all did not expect this to happen. But it has affected our country. It has affected its citizens. I have been following the news and it is heart-breaking. And I condemn violence.”

Raashii went on to express her heartfelt support for the families affected by the attack. “I deeply give my support and love to the families who are grieving,” she said, adding, “I hope we fight this as a nation and come back strong.”

Earlier, actor Suniel Shetty also urged Indian citizens to support Kashmir’s tourism industry by planning their next holiday in the state.

Speaking to the media at the Lata Deenanath Mangeshkar Award 2025 ceremony, Shetty urged people to show solidarity and defiance against terrorism.
